Microsoft Teams naming conventions done right

::: tip About This article is part of a “Done Right” serie, that will cover the key aspects of the implementation of a successful Microsoft Teams governance strategy. :::

Abstract

<https://dispatch.m.io/microsoft-teams-best-practices/#Microsoft-Teams-channel-names>

What are the requirements of an enterprise-grade naming convention for Microsoft Teams?

The case against Azure AD P1

The case against custom Power Platform implementations

The SalesTim governance automation vision

As we stated in Microsoft Teams Governance Should Be Led by the Business Needs...
